

Sales Scheduled To Be Sentenced In Court Friday

Enters Plea of Guilty To Pistol Packing Charges

Walter A. Sales, 34, former Truckee Southern Pacific fireman, pleaded guilty Monday morning in superior court at Nevada City to a charge of carrying a gun while being a paroled convict and will be sentenced by Superior Judge James Snell Friday morning. The offense carries a term of from one to five years.

District Attorney Vernon Stoll, who conducted the prosecution, said the information against Sales, which had also charged assault with a deadly weapon, had been changed to eliminate the latter count.

Sales was arrested here October 11 after he is alleged to have entered the home of Mr. and Mrs. Geno Giovannoni in a supposed attempt to do harm to the latter, who three times previously had been a victim of his advances. Sales a short time before his last escapade here was paroled from San Quentin after being convicted of kidnapping Mrs. Giovannoni.

The charge of assault with a deadly weapon which was first included in the charges against Sales grew out of his alleged attack upon F. W. Gaennie, a neighbor of the Giovannonis, who went to aid Mrs. Giovannoni late in the evening when she returned home and found an unidentified gun on the floor of her bedroom. Mrs. Giovannoni went next door and told Gaennie of the incident and, fearing Sales had returned, Gaennie entered the house and found the intruder in the bathroom. Sales, Gaennie said, pointed the loaded gun at him but the latter grappled with Sales and gained possession of the pistol and the accused rushed from the house.

He was arrested a few hours later by Constable N. F. Dolley and Deputy Sheriff Fosten Wilson and returned to jail.

Three times previously, Mrs. Giovannoni said, Sales had attempted to force her at the point of a gun to accompany him. On one occasion she escaped near Colfax from a car in which he was taking her from Truckee. He was later apprehended and convicted. It was while he was awaiting trial that he escaped from the Nevada County jail, stole a gun from Carl Tobiasen, then sheriff, and again came to Truckee to attempt to force Mrs. Giovannoni to accompany him.

NEW SCHEDULE OF MASS HOURS STARTS ON DEC. 4

Father J. Boland, pastor of the Catholic Church in this district, this week announced the schedule for masses will be changed, effective December 4, for the winter season.

The first service will be at Beacon Hill Lodge at Soda Springs at 8 a. m., mass will be heard at Truckee at 9:30 a. m. and at Tahoe City at 11 a. m. each Sunday until after the ski season.

Father Patrick O'Neill, who recently arrived here from Colusa, has been appointed as assistant pastor and will aid in the services in this vicinity.

New School Bus For Tahoe Lake Schedule

The Tahoe Truckee Joint Unified School District recently added a new International school bus to their fleet this week. The new bus will replace the old one which has been used at the Tahoe Lake elementary school and will be operated by Mrs. Stella Watson. The district now has five buses to serve the five schools.

State Board Refuses License for Ski Ranch

SACRAMENTO (W. N. S.)—The state board of equalization this week denied a quarterly on sale distilled spirits license to the Donner Ski Ranch Inc., on Highway 40 a quarter mile west of Donner Summit.

The board denied the license on the grounds that public convenience and necessity do not warrant issuance of such a license.

Claude Herrolds Are Parents of Daughter

Mr. and Mrs. Claude Herrold of Alta became the parents of a daughter Tuesday, November 15, at Auburn. The little girl weighed 7 pounds 3 ounces at birth. Herrold is widely known in this district where he is supervisor for the CAA.

High School Wins Initial Games In Basketball Series

Varsity Eases By Reno Teams in Two Tilts, Bees Split

The Tahoe Truckee High School basketball teams made their first outing here against the St. Thomas school of Reno on the night of November 12. The varsity won their game by a score of 43 to 22 and the B team won 17 to 7. All players saw action.

On the night of November 18 the local high school again met with the St. Thomas school, this time the B squad played the Varsity of St. Thomas and the varsity played a teen-age team from Reno. The varsity won by a hair's breadth in an exciting game that saw plenty of seat-raising action. The final score was 34 to 33 in favor of Tahoe Truckee High.

The B team lost their game by 11 to 50. Again all players saw action.

The following is a line-up of players for the local high school:

Varsity: Dick Loynd, Don Fitzgerald, Fred Holt, Ned Stuart, Bob Dockham, Andy Garcia, Dale Stricklin, Mike O'Rourke, Simon Dominguez, Mike Goicoa, and Leo Schingel.

B Squad: Norman King, Ray Sorensen, Cliff Dockham, Joe Copeland, Joe Garcia, Sheldon Jones, Dee Almqvist, Bob Tonini and Stan Martin.

Managers are Irwin Rosenblatt and Jimmy Morhain and Arner Gustafson is coach.

With several dates still open, the local high school squads have the following games now on their schedule: Dec. 9, Fernley, Nev.; there; Dec. 16, Loyalton here and Dec. 17, Loyalton there. B squad games start at 6:45 p. m. and varsity games at 7:45.

GRIFFITH SLAYER IS ACCUSED OF PRISON MURDER

Louis Smith, the young man who killed Deputy Sheriff Earl Griffith of Reno in eastern Sierra County in April, 1947, has been indicted for murder at Sacramento while serving a life sentence in Folsom Prison for the murder of Griffith.

Witnesses at the hearing on Tuesday told of seeing Smith lunge at Willard Borton, fellow prisoner, with a hand-made knife in the prison barber shop. Smith was allegedly aided by two other inmates, John Allen and Earl Fitzgerald, who were indicted with him after Borton died.

The fatal attack took place on October 11. The three accused convicts will come to trial in the Sacramento County superior court shortly after January 1. Deputy District Attorney McDonnell, who is handling the prosecution, said he would ask for an early arraignment.

The capital city grand jury also indicted the trio for assault by life convicts as well as murder. If convicted of either offense, the accused will go to the gas chamber.

Rebekah Here Receives Visit From Leaders

On November 9, Clair Freer, president of the Rebekah Assembly of California made her official visit to Naomi Lodge No. 2 here. A good attendance was present for the school of instruction.

Mrs. Freer was escorted into the lodge room and introduced by her marshal, Bess McClain, of South Gate, Calif. Rene Dunkel of El Monte, chaplain of the Assembly, and the marshal were escorted to the platform by Ruth Campbell, district deputy president.

After the school of instruction, gifts were presented to the president from the lodge by the deputy. Refreshments were served by the committee.

The president and her officers were guests of the deputy at breakfast the following morning.

Mr. and Mrs. Ed Jenkins are spending the holiday in Bakersfield.

Officers Probe Burglary After Capitol Looted

Early Morning Entrance Gained by Smashing Door Panel

Constable N. F. Dolley is investigating the burglary of Capitol Cafe which occurred early Wednesday morning. A suspect was being questioned yesterday and Dolley said he believes he has definite clues.

The thief made off with several cartons of cigarettes and \$50, the latter being taken from the cash register. A bottle of liquor which the robber evidently intended to take, had been discarded near the rear door.

Entrance to the cafe was made after the robber broke a panel from the lower part of the rear door with a sledge hammer which was discarded nearby. Search for fingerprints on the hammer and discarded bottle revealed the man was wearing gloves at the time.

Time for the robbery was established at 2:30 a. m. Bob Cooper, who resides in a cabin in the rear of the Capitol, said he heard a pounding at that time but believing it to be one of the employees of the establishment, paid it little attention.

John Ciardella, the owner, told Dolley he left for home at 2 a. m. and left the cash in the register for the day bartender.

BUSINESS BLOCK WORK PUSHED AT GATEWAY

Work is progressing rapidly on the four new store buildings being erected at Gateway Park, just west of the Gateway Motel, by the owner, Richard Joseph. The concrete block structure is in one unit but is divided into four separate stores, each to be 20 feet wide and 50 feet in length.

One of the stores will be occupied by Duane Freeman's donut shop and lunch room and Joseph said that a number of applications have been received for the others but he is not certain who will occupy them. J. R. Wolert is the contractor in charge and a crew of nearly 20 men is employed in an effort to have the work completed before the weather stops operations.

Catholic Women Plan Gift, Food Sale Dec. 15

Mrs. Ernest Dugan, president of the Altar Society of Assumption Catholic Church announced this week that Thursday, December 15, is the date set for the group to hold their gift bazaar and sale of home cooked foods in the Truckee Public Utility District office, starting at 10 a. m.

A tentative date of November 30 was previously named but upon completion of plans the December date was decided upon. The ladies are centering their effort to make this their most successful annual event.

Loynds Are Honored At Party Thursday

Mr. and Mrs. E. L. Loynd and Mrs. Joseph Loynd were honored at a co-host party arranged by Mrs. Walter Loynd and Mrs. Harold Langille last Thursday evening.

The group of friends enjoyed a buffet supper and visiting and presented the family with a gift for their new home. Those present included Messrs. Frank Titus, Richard Joseph, Mesdames Roxie Archie, Anton Mahne, Annie Tonini and Messrs. and Mesdames Walter Loynd, Harold Langille, L. D. Nelson, Walter Barrett, R. N. Little, A. P. Leitch, N. F. Dolley, B. J. Riordan, T. T. Buell, W. C. Gage, V. C. Shattuck, Ray Scott, Rufus Gregory, William Englehart Jr. and Robert Gifford.

From Louisville—

Mr. and Mrs. F. W. Finger of Louisville, Kentucky, are visiting here briefly with their daughter, Miss Thelma Finger, a teacher in the local high school. The visitors are en route to Los Angeles and plan a return visit to Truckee before returning home.

Sale Of Toggery To Lakeport Man Announced Here

New Manager and Family Arrive to Establish Residence

Mr. and Mrs. Karl Kielhofer announced this week that they have disposed of their interests in The Toggery to Mr. and Mrs. Carrol Jones of Lakeport, Lake County. The sale becomes effective November 30.

The manager will be James Walker, also of Lakeport, who is arriving with his wife and three children this week to make their home in the Maxsom house on River Street. The new manager is an experienced business man having operated a haberdashery at Lakeport for some time and plans to make a number of major changes in the local store, increasing the stock to include the same variety of merchandise found in much larger cities.

The Joneses will remain in Lakeport where they are presently engaged in the jewelry business. Jones and V. C. Shattuck of the Donner Theater here are cousins.

Kielhofer, who has retained his position with the Sierra Pacific Power Company since he and Mrs. Kielhofer established The Toggery, will continue on his present job and Mrs. Kielhofer, who has managed the store says she will devote her time to home-making.

BIGGEST SKI LIFT STARTS RUNNING AT NEW RESORT

After weeks of frantic preparation by scores of craftsmen, the world's largest ski lift began operations Wednesday at Squaw Valley, nine miles south of Truckee near Highway 89.

A number of famous winter sports figures, including Emilie Allais, who will head the Squaw Valley Ski School, Alfred Heuser, Warren Hiller, Sun Valley instructor, Dodie Post, 1948 captain of the American Olympic team, and Tyler Micolet, Sugar Bowl instructor, are at the new resort to officiate in the opening.

All facilities at the already famous winter resort center were scheduled to be opened today.

A Squaw Valley Press Party will be held at the lodge on the weekend of December 3, Barbara L. Pinney, public relations director, announced. Representatives will be present from the major California and Nevada newspapers to view and enjoy the various facilities.

Free Old Fashion Dance At Donner on Saturday

Lee Nisbet of Donner Lake Lodge this week issued a public invitation to a free old fashioned dance at the popular resort at the west end of Donner Lake. The party will be a "get acquainted" affair and will be in progress from 9 p. m. until midnight Saturday, November 26.

Square dances, schottisches, polkas and other old favorites will be featured with professional musicians and "callers".

Man Caught in Verdi Is Sought at Tahoe

Edward M. Snodgrass, 27, who was arrested at Verdi Monday after posing as a sanitary inspector to gain entrance to Ken's Bar, is wanted for questioning in connection with two Bijou, Lake Tahoe, burglaries, Nevada officers report. Snodgrass, held on a grand theft charge after admitting he stole a car in Reno, gave his address as Towanda, Kansas. He has a ten-year police record, officers said.

Weekend at Capital—

Mr. and Mrs. William Preston and sons Robert and Richard were Sacramento visitors over the weekend.

Leave for Winter—

Mr. and Mrs. C. J. Knowles left Donner Lake on Tuesday for San Jacinto, planning to return in April.

Sun Beams by Walter M. Barrett

An outbreak of sex crimes throughout the country has resulted in an outraged public clamoring for more stringent laws to curb the wave of violence. We all vigorously applaud this effort and will wholeheartedly support any action taken to minimize the terrible trend. At the same time we cannot help wondering what means will be used to enforce these laws and just how far courts will go to mete out fitting punishment. This thought is born of a recent public outbreak over allowing open holes to exist on property which might cause the death of children who fall into them. The press, radio and general public campaigned long and loud following the tragic death of a small child in an open hole in the southern part of the state. Legislation was immediately enacted and laws were set up and enforcement and punishment promised. Almost immediately the incident was lost as some new idea was formed and promoted and we have yet to hear of a conviction or even an arrest resulting from the clamor, although we may have overlooked this point. At any rate, we sincerely hope that the present public indignation will not be allowed soon to die and that punishments fitting the crime against young children will be executed without fear or favor. We further believe that extermination of every such offender is not too severe.

In a world of competitive hustle and bustle we can indeed be thankful that today has been set aside for Thanksgiving. In this great country we can well accept the day in its true meaning and offer humble thanks for the many privileges we still enjoy. At the same time we should resolve anew that we will retain these privileges — gained through blood, sweat and tears — by seeing to it that our Constitution and Bill of Rights, often threatened, are kept sacred and intact. We hope this Thanksgiving will be the best, in every sense of the word, you have ever had.

Mrs. Goldsmith Feted At Shower Thursday

Mrs. John Goldsmith was feted at a stork shower on Thursday evening, November 17, with Mrs. Fred Morris and Mrs. Thomas LaRocca as hostesses in the latter's home, assisted by Miss Betty Parkhurst.

The games and table favors were indicative of the party theme. The honoree opened a number of attractive gifts. The following friends were also present: Mesdames Anton Mahne, Harold Pabst, Lloyd Clark, Maude Gaffield, Robert Simon, Gaston Hocker, Garing McGee, George Kamp and Vernon Parkhurst.

S P Brakeman Hurt In Fall at Norden

G. W. Reinmiller, Roseville, brakeman on an east bound Southern Pacific freight train, was treated by Dr. L. D. Nelson Wednesday morning for a severe injury on his lower left leg. Reinmiller slipped on the ice at Norden and his right leg caught and the tendons and flesh were torn. Carl Boehle was conductor of the train and assisted the injured man, aided by C. W. Ray, conductor of the local.

Mattos Is Distributor For Sierra Valley Dairy

Joe Mattos announced last week that he has taken over the distributorship for Torri's Dairy and that the product is now available in most local stores. The Sierra Valley product will be added to the other popular lines of dairy products distributed by the Mattos Ice and Beverage.

Visit in South—

Mr. and Mrs. David Anderson and daughters left for a visit to Los Angeles on Friday.

Four Plead Guilty In Burglary Here Of Cabona Store

Watsonville Men Seeking Probation, Decision On Dec. 2

Three of the four Watsonville men being held in the Nevada County jail charged in connection with the robbery of Cabona's Store here on August 28, have pleaded guilty to burglary and the fourth to a charge of knowingly possessing stolen property, District Attorney Vernon Stoll announced Monday. The four appeared in superior court Monday morning.

King Montgomery, 18, former Truckee resident, Allen Kendall, 25, and Robert Ruddell, 19, pled guilty to burglary and Gerald Gospodnetich, 21, entered a guilty plea to receiving stolen property. All have asked probation. Their application was turned over to Probation Officer Thomas Barrett by Judge James Snell who presided at the arraignment.

Gospodnetich, driver of the car in which the men took the loot to Watsonville, contended that he was not involved in the store burglary, during which two guns and a large quantity of clothing was stolen but later recovered when the men were arrested by Watsonville police. The Watsonville officers said all the men had previous records with the law.

A fifth man here with the others at the time, Santos Esquivel, 22, entered a plea of guilty to rape involving a 15 year old Truckee girl and is serving a year's sentence for his crime.

The applications for probation will be considered and the men will hear their sentences on December 2, Stoll said.

TWO CARS WRECK IN 30 MINUTES AT SAME PLACE

Two motor vehicle accidents occurring within the space of 30 minutes at the same location Saturday sent two men to a Reno hospital and injured two others. Both accidents happened during the noon hour at the Flycatchers' Curve, five miles east of Truckee. State Patrolman William Gautsche, who made the investigation, said the pavement was frosty on the curve and this probably caused the accidents. No citations were issued.

In the first crash, Joseph Hunter, 24, Chico, the driver, and Fleurette Rosenblatt, 20, Tahoe City, suffered only minor injuries when their car got out of control and overturned down the right bank.

A few minutes later a car driven by Vincent Halsey, 42, of Modesto, skidded and overturned in almost the same spot. Halsey suffered serious back injuries and H. Steward, 42, Alameda Park, has deep cuts on his face. J. Donald, another passenger, from San Francisco, was not hurt.

Halsey and Steward were rushed to a Reno hospital by the Truckee ambulance.

Glenn Coffey of Coffey's Garage, who had gone to the scene of the first wreck, was in time to witness the second just as he was preparing to pull the first wrecked car to town.

Bishop Porter, Rauh Officiate at Ceremony

Max L. Christiansen of Nevada City was ordained into the priesthood of the Episcopal Church at ceremonies held Saturday in the Trinity Episcopal Church at the county seat. High church officials and 150 members of the church organization were in attendance.

Rt. Rev. Noel Porter, bishop of Sacramento and Lake Tahoe summer resident, officiated, clothed in the traditional vestments of the office. Herman Rauh, lay leader of the Chapel in the Pines near Tahoe City, served as chaplain and carried the cross.

Vacationing—

Mr. and Mrs. Stan Zwarg are vacationing in Gilroy this week.

Bids Opened To Sell Bonds For Local Hospital

Actual Construction Is Expected to Start In Early Spring

(BULLETIN)

C. R. Heller, president of the Tahoe Forest Hospital District, Wednesday reported that Dean Witter & Co. and R. H. Moulton & Co., with a joint bid, were apparently successful in purchasing the \$150,000 bond issue for construction and maintenance of a hospital here.

The percentage asked averaged 2.6342, with \$20,000 at 2 1/4 per cent; \$60,000 at 2 1/2 per cent and \$70,000 at 2 3/4 per cent. The premium was \$108. There were two other bids considered.

The governing board of the Tahoe Forest Hospital District met last night to consider bids for the sale of \$150,000 worth of bonds being sold for the purpose of constructing and maintaining a general hospital half a mile west of Truckee and a block south of Highway 40.

The bonds will be \$1,000 denomination and will be retired at the rate of \$10,000 annually from 1954 through 1968, C. R. Heller, president of the board, announced.

In the meantime preliminary work in preparing the grounds for actual construction next spring is continuing. The engineers have completed the site survey and laid out the street approaches. A soil sample has been taken and forwarded to Washington, D.C., for analysis as required under terms in which the cost of the hospital is to be shared by state and federal agencies.

Costs of the unit are shared by the state and federal governments up to \$355,000, which is expected to be ample to give the district a modern, well-equipped, 12-bed hospital, complete with surgery, kitchen facilities, laboratory and other usual hospital requirements. Costs of building the street, landscaping and other outside necessities will be borne by the district, Heller said.

Architect George Selson of Sacramento is engaged in drawing up detailed plans for the hospital which must be approved by the state and federal agencies as well as the local board before work can start.

The site, donated by Richard Joseph, in the eastern section of Gateway Park has been approved and work is expected to start in the early spring so the hospital can be operating within the next year.

Liquid Oxygen Topic Of Talk to Rotarians

An interesting and educational talk and demonstration on liquid oxygen by Tom Kean of Reno featured the Rotary Club program at Donner Lake Lodge on Monday night. Clarence Osburn was program chairman and John Ciardella presided.

Visiting Rotarians included Kean, John Yoxen, Reno; Howard Doug, Portland; Vern Snyder, Roscoe Heura and Steve Korich of Tahoe City. Fred Morris, Truckee; W. J. Hopkins, Donner Lake, and A. J. Gerry of Reno were other guests.

Warm Sunny Days Dominate Weather

Clear skies and warm daytime weather continues to predominate in this region. The snow which fell two weeks ago continues to stay on the ground in most locations, forming a perfect base for skiing when a new storm arrives. The temperatures drop to between 15 and 20 degrees each morning but the day time temperatures are warm and pleasant.

John Brown's Birthday Is Observed at Dinner

Mrs. William Englehart Jr. was hostess at a family dinner Tuesday evening, November 22, in honor of the birthday of her father, John Brown. Guests included Mr. and Mrs. William Englehart Sr., Mr. and Mrs. Maurice Franzini, William Englehart Jr., Irene, Merrill and Gail Englehart and the honoree, Mr. and Mrs. Englehart Sr. returned that day from an extended vacation in Utah.

Mother Injured—

Dr. L. D. Nelson has received word that his mother suffered a fractured leg this week when she fell from a ladder while attending household duties. She resides at Riverside.

North Tahoe

by T. BURROUGHS
A Winter Sports Conference was held at the El Cortez in Reno last Thursday and Friday with the management acting as host and ending the meeting Friday evening with a delicious banquet which was immensely enjoyed by all those present. Representatives of the Lake Tahoe Chamber of Commerce, the Squaw Valley project and other winter sport organizations, as well as transportation officials, attended at the invitation of Reno Chamber of Commerce, sponsors of the conference.

It was voted to adopt as a national advertising slogan and for the purpose of advertising the entire Sierra area beginning with the foothills, taking in Highways 40, 50 and 395, looping Lake Tahoe and covering complete winter and summer sports, recreation and vacation areas the term "Sierra Loop", making this entire area to be known as The Sierra Loop.

Publicity committee will consist of the present publicity committees of the Reno and the Lake Tahoe Chambers of Commerce.

Transportation Committee has as its Lake Tahoe and Squaw Valley area representatives, Barbara Penny and P. M. Burroughs. A meeting of this committee with the Reno group and transportation officials will meet at the Reno Chamber of Commerce Monday evening, November 28. Those interested in the transportation angle are invited to attend.

We are sorry that Mel Miller's generosity in giving the road to another driver caused him to suffer painful injuries. It seems some other driver wanted more than his share of the highway between Truckee and Tahoe City and Mel thought it the better part of discretion to give it to him. As a consequence Mel later came out of Dr. John Keys office wearing a big white bandage around his head. The Miller car was pretty badly damaged. You no doubt chose the lesser of two evils, Mel, and we hope you'll be as good as new right away.

Mr. and Mrs. E. J. Stokes left Tuesday to be present at the ceremony which unites in marriage their daughter, Joanne, to Michael Brown, who is stationed at Mather Field Air Base where the service is to be performed on

November 23 by Captain Enright. The bride wears a gown of beige lace over satin, all hand made by her mother. The bridesmaid, Mary Grassi of Lincoln, is a life-long friend and former school mate of the bride. Best man is Tom Best, who is also stationed at Mather Field. After the wedding dinner at the El Rancho out of Sacramento, Mr. and Mrs. Stokes are to enjoy Thanksgiving dinner with their other daughter, Peggy Soles, and her family.

The Low 12 held its social at Eugene's Chalet last Sunday with dinner at the hour of four when the lake and the sunset join in creation of splendor not equalled by the paint brush of man. Enjoying this choice bit of view as well as Eugene's excellent foods were Messrs. and Mesdames Peter Svendsen, Snowden Burch, Ike Miles, Clare Walters, Leonard Chanda, Tom Lucas, Gilbert Ballard, Al Hendricks, Ivan Parr, Roy Porath, Don Barkhurst, Nate Sexton, Bert King and E. J. Stokes, and Henry Lucas.

Next Low 12 meeting will be December 18 at Eugene's when the wives will entertain their husbands with dinner and a Christmas party.

Bill and Bonny Bates expect to spend Thanksgiving at their old home place in Carthage, Missouri.

Rotary of Brockway luncheon was held at Dr. John Keys' last Monday with President Tom Lucas presiding. No meeting was held on Monday night. Next meeting will be held on the evening of Monday, November 28, with the management of Squaw Valley to be host to the membership of both Tahoe City Rotary and the Rotary of Brockway as dinner guests.

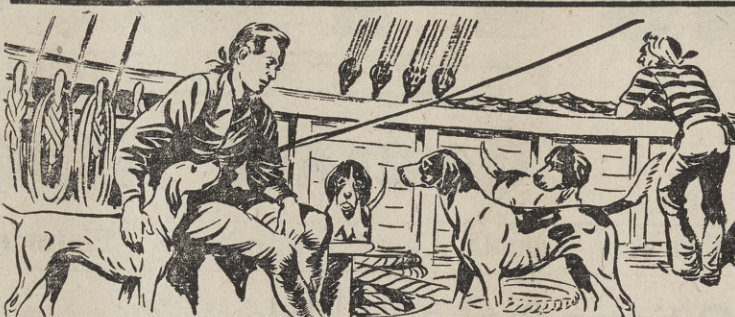

Snowden and Mildred Burch are enjoying the Thanksgiving holidays with their daughter in San Jose.

Mrs. Anne Blau left last Saturday for Bakersfield where she will spend the first part of the winter with her sister, Elizabeth Best. Later she will go on to North Hollywood for a visit with friends. Mr. and Mrs. Henry Chanda took Miss Anne to Reno where she took a bus for her trip to the valley.

Alva and Jerry Perkins left Tahoe City Sunday for Oklahoma City in answer to a call from Jerry's uncle who is quite ill.

A letter from Tex Jones saying he and Peg are enjoying their new television set but the weather in southern California is just plain hot for two mountaineers

DOG ODDITIES

Pastor Granted Leave By Church Board; Plan for Christmas

KINGS BEACH—At a meeting of the official board of the Wee Kirk of the Pines, Kings Beach community Methodist Church, on Sunday morning following Sunday School, Rev. Oscar Swenson was granted a leave of absence until January 15, 1950. Rev. Swenson is in Los Angeles where Mrs. Swenson will undergo surgery. Members of their family live in the south and it was thought advisable to go there. The Swensons are held in very high esteem in the community and many good thoughts and prayers will be held for a speedy recovery.

The sum of \$20 was voted for the Community Christmas fund and program to be held in the community just before the Christmas vacation. It was also decided to hold a candlelight service and pageant at the Carpenters' Hall Christmas evening. Mrs. Clara Van Hooser, Mrs. Geo. Rutledge, Mrs. Jack Judy and Mrs. A. E. Abbott will be in charge.

whose blood has gotten a little thick. Tex says that according to recent experiments conducted by engineers it has been disclosed that television through a reflector system may be available for areas such as Tahoe within the near future.

Everyone have a wonderful time over these Thanksgiving holidays. We all have a lot to be thankful for even if things don't always go to suit us. I'm thankful to be living at Tahoe among mighty fine people.

Kings Beach PTA Votes To Sponsor Scouts; Has Active Meeting

KINGS BEACH—The regular meeting of the Kings Beach PTA was held at the school last Thursday evening with a good attendance. A report of the evening pottery and ceramics class was made and a motion carried that the PTA purchase the kiln for the school so that the pupils could use it in their class work.

It was agreed that the organization sponsor a Boy Scout troop and Dr. John Keys and George Rutledge were appointed to select a troop committee.

Lucille Hollenbeck and Alice Sorenson were appointed to a library committee and instructed to get in touch with the Placer County librarian with the plan to install a county library branch at Kings Beach. Thelma Burroughs has consented to have the library in her home at The Burroughs resort at Tahoe Vista.

Miss Hollenbeck had charge of the program and her pupils gave several poems which were greatly enjoyed by all. A surprise for the classroom having the most parents present was also won by Miss Hollenbeck's class. The class will decide in a few days just what they would like to have for a reward.

Mrs. Emma Cope offered a first prize of \$3 and a second prize of \$2 for the students making the best patriotic posters in the school. A committee yet to be named will be the judges.

Delicious refreshments were served by Mesdames Gene Thomp-

Legislators To Study Traffic Law Justice Throughout California

SACRAMENTO —(W. N. S.)—A statewide investigation of traffic law enforcement has been ordered by Assemblyman Ralph M. Brown of Modesto.

Brown, chairman of the assembly judiciary committee, named Assemblyman William Rosenthal, Los Angeles attorney, to head the investigation.

Rosenthal said he intends to make "a thorough study of motorist arrests, trial and penalties to determine the fairness of present methods."

He said he has received many complaints from citizens alleging "unfairness" both in arrests and in trials and penalties.

"I believe that in many instances motor vehicle laws are being enforced for revenue purposes rather than for the safety of the public," Rosenthal said. "I urge all citizens who have knowledge of such conditions to write to me stating the facts."

"The purpose of this committee is to learn whether or not justice is being given to the ordinary citizen who never has any contact with our courts other than that which results from some minor traffic violation. If these citizens are being treated unfairly by the police and other traffic courts I shall propose legislation aimed at correcting the situation."

He said he believed motorists who are a menace on the highways should be dealt with severely but "this does not give our traffic officers and traffic courts a license to treat every person who has committed a minor traffic law infraction as a criminal."

Rosenthal asserted one of the most frequent complaints made of traffic law enforcement is that an accused person has no opportunity to defend himself.

"They just go down to the court and post bail and forget about it because the average persons have learned this is the easiest way of getting rid of the charge. They have learned it costs them more to fight a complaint than to pay the fine. As a result they end up with a low opinion of our American court system."

He said he has not completed the plans for his investigation but indicated it will be broad enough to give an accurate report of conditions throughout the state.

"We are certainly going to determine whether or not the little guy is getting a fair shake in our courts," he stated.

Beginning of U.S. Marines
The U. S. marine corps was founded November 10, 1775, in Philadelphia. Its first commandant was Maj. Samuel Nicholas.

kins, Ruth Mizner, George Rutledge and Ruth Lavery.

There will be no meeting in December as a community program will be held about that time and the PTA contributed \$20 for the affair.

The meeting was conducted by the president, Mrs. A. E. Abbott.

Above the Belt Rule Abolished for State Fish, Game Licenses

SAN FRANCISCO—A long-standing regulation requiring California sportsmen to display hunting and fishing licenses above the waist has been wiped off the books by the Fish and Game Commission.

Endorsed by state wardens and representatives of sportsmen's organizations, the move becomes effective December 8. Commissioners explained the old law was abolished to free an estimated \$50,000 a year for fish and game conservation efforts instead of buying and distributing license holders.

Chief L. F. Chappell of the Bureau of Patrol reported that wardens will have better opportunities for close inspection of licenses with elimination of the old regulation.

National Forests

All national-forest lands are open for recreation. A visitor may go anywhere and stay as long as he wishes. The only exceptions are certain small areas within the forests that may be restricted for special purposes, or areas of high fire hazard that may be closed to entry during periods of fire danger. In some heavily used areas a camper's stay at any one campground may be limited to a week or two so as to give others a chance.

These folks mean business for the West... Pacific Telephone people receive pay adding up to \$19,000,000 a month.

Telephone paychecks also come to you

1. Timber... paper... copper—we have to buy many things to build and run the telephone system. Last year Western Electric, our principal manufacturer and supplier, bought over 20 million dollars worth of materials in the West. More than half of each dollar we take in goes for employees. Most of it is spent and goes into circulation where they work and live.

3. When you add it all up, you find the money you spend for service comes back, in large part, to you. And your telephone dollars are buying more service than ever. Today you can call more of the people you want to call... more can call you. And your telephone still does its jobs for only a few pennies a call.

2. More than 80,000 of those whose savings built the business... who own telephone stock... live in the West. In return for the use of their money, a few pennies of each telephone dollar go to them. And as they spend it, they also add to Western prosperity. It would probably be hard to find anyone who does not in some way benefit from the money we spend.

Your telephone is one of today's best bargains

Summit Scene

by FRAN COUILLARD

The kettle of simmering cranberries, the turkey hanging in the ice box, the bread drying on the shelf for dressing, the brandy in the mince meat is indicative of the opening of the Holiday Season and in spite of beautiful, warm, balmy days the nights remain cold enough to give promise of snow on the ground for Thanksgiving. Thanksgiving greetings to our friends and neighbors, and may you stuff yourselves as

full this Thursday as you promised yourselves not to last year. Attended a party on Saturday night at Donner Summit Lodge with the Ray Kronmeyers from Reno, the J. V. Emmmons of Donner Lake Development Company and some folks from Bishop. The localites besides ourselves were Dennis and Muriel Jones and Bill Rutherford. The hillbilly orchestra which Bud Horak furnishes for his guests' pleasure every Saturday evening was in fine fettle and we noted with surprise that Bert Barber started in to put the bar to bed at 2 a.m.—so quickly did the time fly. Found out that the above mentioned group went to Ice Lakes for one of Rutherford's noteworthy Philadelphia scrapple breakfasts.

Ray Kronmeyer tells us that the recent "Ski Loop" meeting held at Reno was quite a success with Squaw Valley representatives and Donner are representatives promising to cooperate fully with one another and the entire loop. Charlie Van Evera and Gordon Hooley from this area were put on committees to help carry the ball for future promotion.

Leading from one thing into another, Van Evera's name brings to mind a completely new set up

on the Soda Springs Ski Hill. Bud Zorich directs the ski school operations this year under the illustrious name of Fridl Pfeifer, famous director of Aspen, Colo. Gratz Powers, who has held the position of director on the Ski Ranch Hill is now working for Spiro's sporting goods store in San Francisco. However week ends will see Gratz on the Ski Ranch Hill teaching his favorite pupils. The ski school director for the Ski Ranch isn't known to the writer as yet. See where the plate glass windows were put in position in the new Chuck Wagon which means that this job is darned near completed. Can't get an opening date for the double chair lift on Beacon Hill at present but understand it isn't too far in the offing.

The second Summit Sit was held at Nadine Neugebauer's this past week with Muriel Jones crying for a bathtub in which to sit whilst she tried to untangle the bobbins for the Argyle socks she was starting. Peg Travis and Meador brought their crocheting while Gladys Pedley, Nadine, Barbara Zorich and Marie Strickland clicked their knitting needles. Madyon Walton contemplated the sleeve length on a new sweater for Stan. We merely sat. We drew the next Sit for the first of December.

Someone said "If you want something done, give it to a busy person." Can't think of anyone busier than Lola Schull with her cooking, her adequate and efficient managing of Kiski Lodge and the mothering of three active boys. Nevertheless, when several of the hill folks turned down the presidency of the Community Club due to too much work, Lola came forth with an offer to serve in that capacity. We humbly take off our hat to this busy lady. In conjunction with the Community Club we shall introduce you to "Nick". Nick is a Christmasy hobby rocking horse big enough and strong enough to hold a fully grown person although he was invented and made bright and shining with his black plump body, his red and white chintz skirt, his rope mane and tail and his silver bridle, for the children. Nick will be sold to the public and may be viewed in any of the various lodges on the hill and the proceeds will go toward the purchase of a new stage screen for the Donner Trail Elementary School. By the by, Nick is short for St. Nicholas—Nick's registered name. There's quite a human interest story behind Nick. An

enterprising Auburn dignitary helped a couple of war veterans get started in the toy making business and Nick, who had been displayed in big department stores in Reno and San Francisco, had to be withdrawn for awhile because orders were coming in too quickly for the manufacturing of other Nicks. Understand that Nick recently won a prize in the Auburn Fair.

Helen McCarty, our busy neighbor, recently returned from Stockton where she nursed a broken ankle acquired as she was tripping down her stone back steps. Helen is happy to announce that the cast comes off as a Thanksgiving present.

Wanda and Virg Misner return from their southern trip. Parley Merrill runs down to Sacramento to see if that new child has arrived as yet. No report. Paul Norboe works from the wee small hours until late at night finishing up his Christ tree business so that he can take over his new job as Soda Springs Hotel manager. Pheasant hunting went Jim Sherritt, Milt Hogle and Bud Walton while Dennis Jones went for quail.

Just talked with Jess and Roy Thompson who came in from the Cedars for the first time since the storm three weeks ago. It was tough they said but now the road is broken and if it doesn't snow too much again they'll be back in for a Thanksgiving dinner. The weasel they depend upon for snow transportation got under a falling tree during the last storm but it is fixed now, says Roy.

Hear that a small group of Bill Rutherford's friends traveled out to Ice Lakes last week to wish him a happy birthday.

And again, a thankful Thanksgiving to all of you.

Extreme Caution Urged For Winter Drivers

SACRAMENTO —(W.N.S.)—Extreme caution in driving was urged by Clifford E. Peterson, commissioner of the California Highway Patrol, in view of numerous serious traffic accidents which are traceable to unfavorable weather and road conditions. The commissioner also warned persons who intend to drive in snow country.

"Call the nearest highway patrol office and inquire if chains are needed in the areas to be visited," he advised. "One should never take a chance without them."

Travel and Recreation Now Big Business Joe Knowland Declares

California's travel and recreation, with an economic value of nearly a billion dollars yearly, is climbing to still greater financial importance, Joseph R. Knowland, Oakland, chairman of the California State Chamber of Commerce's travel and recreation committee, reported Monday. Millions of state residents are now touring California as a result of the Centennials Celebrations. New winter sports stimulus has been added by statewide expansions of winter facilities.

"Approximately \$1,000,000 has been invested in new resorts, ski towns and more clearing of ski areas, which will be operating this year," Knowland stated. "This, of course, is in addition to earlier winter sports facilities. Greater accessibility will be enjoyed through State Highway Department improvement of roads, parking area enlargements and an expanded snow clearing program."

A realistic inventory of tourist and recreation resources will be made at the travel and recreation session during the State Chamber's annual membership meeting in Los Angeles December 1 and 2. Economic value of recreation, winter sports, public recreation facilities, roadside picnic grounds and a symposium on what various state groups can contribute to an over all plan will be reviewed.

State Chamber members from all parts of California will attend. In addition, hundreds of industrial, agriculture and business management representatives will be present.

Highway Patrol Excepted In State Gas Use Rule

SACRAMENTO —(W.N.S.)—The state has banned the use of high-grade gasoline in all of its automobiles except those in the five most expensive makes.

Hereafter, only those state employees who rate a Cadillac, Buick, Chrysler 8, Oldsmobile 8 of 1949 and newer model and a Packard, will be entitled to buy premium gas.

The state will install decalcomanias on the dashboards and at the gas intake, specifying that regular gasoline must be used.

The notice stated, however, that automobiles used by the California Highway Patrol are exempt from provisions of the order.

Stream Name Muddle In Sierra County Is Unsnarled by Board

The board of supervisors of Sierra County has taken action which, if it establishes a trend, may revolutionize our language. The board has changed the official name of the Middle Fork of the North Fork of the North Fork of the Yuba River to just plain Lavezzola Creek and has similarly tinkered with the names of other streams in the county.

The pioneers of 1849, it seems, let their imaginations run hog wild when it came to naming their settlements, as names like Brandy City and Red Dog bear witness. But when it came to identifying the creeks whose gravels they panned, they were downright lazy.

A river had a North Fork, Middle Fork and South Fork. Streams running into these forks became the East Fork of the Middle Fork or the South Fork of the South Fork of the North Fork and so on.

But the Sierra County board of supervisors has changed all that. The South Fork of the South Fork of the North Fork henceforth will be known as Haypress Creek and Little North Fork of the Middle Fork of the North Fork of the North Fork is going to be Empire Creek and that's that.

Women's Club Bazaar At Lake Near Sell-Out

TAHOE CITY—Reporting sell outs for most of the booths, Mrs. Richard Carnell this week thanked the donors and special chairmen for their part in the Women's Club of Tahoe's bazaar held Saturday at the community center. Mrs. Carnell, as general chairman, credited the success of the sale to the special chairman.

Cancelling a meeting on Monday, the club planned to meet at another date this week to discuss the sales and to decide whether the club should continue formally throughout the winter after this week.

R.R. Fuel Bill
The fuel bill of the class I railroads in 1948 was more than 833 million dollars, an increase of \$41,410,000 compared with that in 1947.

Gone from Tahoma—
Al Fanger of Tahoma has gone to Vallejo until early spring.

Mrs. Benjamin Named New Treasurer Of PTA at Tahoe School

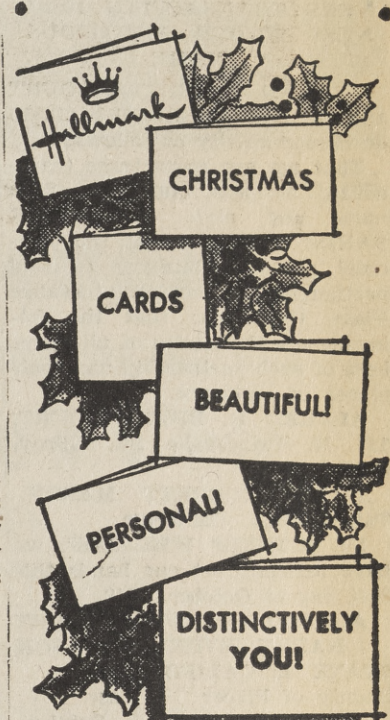

TAHOE CITY—The Tahoe Lake School PTA met Friday, November 18, President Mrs. R. S. Clarke, presiding. Mrs. Benjamin was elected treasurer to fill the recent vacancy. Voting to participate in the planned Community Christmas Party, the association appointed Mrs. A. M. Henry as PTA representative to the Christmas party committee. Volunteers were listed to aid in costume preparation for the school Christmas program.

Mrs. David D. Thom, Placer County schools nurse, gave a talk on dental health, emphasizing the importance of diet. Two movies on the subject.

Hostess was Mrs. Don Snyder, assisted by Mrs. Henry.

Members were asked to bring their favorite cake recipes and 20 assorted articles, the latter for the carnival fish pond, to the meeting scheduled for Monday, December 12. A list of suggested articles for the fish pond may be obtained from Mrs. Roy Johnson, carnival chairman.

Kern County was organized in 1866.

The big advantage of the train is ROOM

ROOM to stretch your legs

You don't have to fold up in a cramped, uncomfortable seat when you travel by train. You can stretch your legs, relax and watch the scenery in comfort. Steel rails are so smooth you can read without straining your eyes. Or catch up on your work.

ROOM to walk around

You're not confined to your seat on the train. You can get up and walk around whenever you wish. Comfortable rest rooms for men and women in every car.

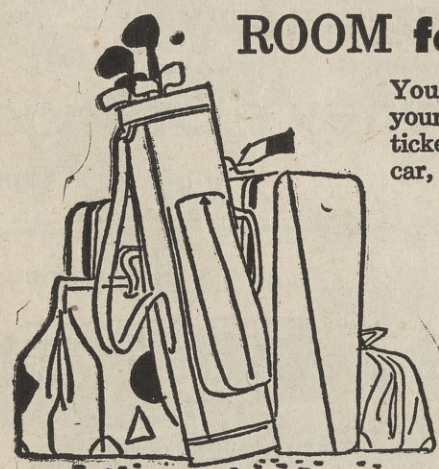

ROOM to eat

On the train you eat in style at a table, with clean linen, good food and service. You pay no more than you would in any good hotel. In coffee shop cars even less.

ROOM for luggage

You can take a normal amount of luggage into your railroad car with you. In addition, on most tickets, you can check 150 pounds in the baggage car, without charge.

ROOM to sleep

Pullmans have big, comfortable beds—each more than six feet long and three feet wide. Soft mattresses, clean sheets, plenty of blankets. A courteous porter is always on duty to serve you. And when it's windy, stormy and wet, you'll be snug and warm on the train.

Next time, try the train

Fire Rules Relaxed In Tahoe National Forest

NEVADA CITY—Guerdon Ellis, supervisor of the Tahoe National Forest, has declared that special fire restrictions imposed by Federal regulation earlier this year are rescinded as they apply to Tahoe National Forest lands.

Supervisor Ellis quotes the Regional Forester, vested with authority by the Secretary of Agriculture in rescinding Regulations T-1, (E) and (H):

1. Campfire permits are not now

Barber Joe's Shop

Next to Theater-Truckee
Open Evenings 'til 7 p.m.

required before building campfires. 2. Smoking is no longer restricted to specific areas.

Special emphasis should be given to continued need for burning permits to dispose of debris and slash as required by state law. State and federal agencies will require debris burning permits until December 1.

Employees' Yule Bonus At Bank of America

A special Christmas bonus to employees and officers of Bank of America has been authorized by the board of directors of the bank, according to L. M. Giannini, president.

For employees with 12 months or more service the special bonus is 40 per cent of the first \$500 of the basic November salary and

ANS Release

TURNABOUT—Glamorous Linda Christian's first glimpse of Tyrone Power was in Egypt on a movie screen when she was in the audience — her next at a Hollywood party, her third in Paris where their romance began. This time Tyrone Power was in the audience when Linda, now Mrs. Power, told the story on NBC's "We The People" Friday night radio-TV simulcasts.

35 per cent of any salary portion above that amount. Those with a shorter period of service will receive a proportionate bonus based on the number of full months employed.

This special Christmas bonus brings the total of employee bonuses declared during the past fiscal year of the employees' profit-sharing plan to more than two million dollars.

The Farallon Islands, off the Golden Gate at San Francisco, were one a rookery for fur seals.

Santa Monica Legislator Plans Bill to Curb Fake Charity Racket

SACRAMENTO —(W. N. S.)— Legislation to prevent citizens from being victimized by the solicitations of self-styled non-profit and charitable organizations was advocated this week by Assemblyman Harold K. Levering of Santa Monica.

He said he believed organizations which solicit funds from the public should be required to publish audited statements of revenues and expenditures.

Levering declared he will also press for a measure to prohibit the solicitation of funds from persons receiving aged and blind aid. "It was never intended that persons in need of state or county aid should receive grants in excess of their actual needs," Levering said. "The money is granted in these cases for the purpose of enabling these persons to secure food, clothing and shelter."

Any legislative proposal along these lines cannot be acted upon until the regular session in 1951. Levering indicated however that he will ask the legislative counsel to make a thorough study of the problems so that proper measures can be drafted which will not conflict with constitutional provisions of the state.

State Capitol Addition Is Costing \$7,000,000

SACRAMENTO —(W. N. S.)— With steel work virtually completed on the new addition to the State Capitol, the state division of architecture Friday opened bids for completion of the building.

The addition when completed will be six stories in height with a full basement and 340,000 square feet of floor space. It will cost approximately \$7,000,000.

Many Noted Skiers At Official Opening Of Squaw Valley Resort

TAHOE CITY—The world's largest ski lift was scheduled to begin operating officially on Wednesday, November 23rd, when Squaw Valley Resort first opened to the general public.

Pre-opening arrivals were several of the many internationally known skiers to be present. From Portillo, Chile, last week came Emilio Allais, who will head the Squaw Valley Ski School, and Alfred Heuser; Warren Miller, Sun Valley instructor; Dodie Post, 1948 captain of the Women's American Olympic ski team and 1949 captain of the U.S. F.I.S. women's team; Tyler Micoletau, Sugar Bowl instructor and author of "Power Skiing."

In addition to the tow, Squaw Valley's other facilities were to begin operating on the 23rd. These are the lodge, Alpine Village, the ski school and the cafeteria.

The Romans used to applaud by snapping their fingers.

U. S. S. OLYMPIA, DEWEY'S FLAGSHIP, STILL ACTIVE—The old grey fighter, which just 50 years ago returned in triumph from the victory of Manila Bay, lies peacefully at her slip in the Philadelphia Naval Base where she receives homage as an "eagle of the sea" that escaped plucking by the "harpies of the shore." Twenty-eight years ago she brought to the United States the body of the First World War's Unknown Soldier, and a year later was ordered to be scrapped. There was no eloquent Oliver Wendell Holmes to write another "Old Ironsides" that saved the frigate Constitution a century before, but the protests of the patriotic citizens of Olympia, Washington, forced the cancellation of the scrapping order. She's a proud ship still—just as trim and span as on that May morning in 1898 when she led Admiral George Dewey's squadron into Manila Bay. She was rated a light cruiser of 4,500 tons and was commissioned January 2, 1894, and looks young for her 55 years. The illustration is from a photograph made when she participated in the Dewey Day exercises in New York harbor September 29, 1899. Today tens of thousands annually visit the U. S. S. Olympia.

Vernon and Burroughs Begin Folder Draft For Lake Tahoe C. of C.

TAHOE CITY—Utilizing ideas gained on their recent trip to the valley and bay areas, C. W. Vernon of this city and P. M. Burroughs of Kings Beach, on a committee for the publicity folder for the Lake Tahoe Chamber of Commerce, are now collecting and organizing material for the folder. Organized a little more than a year ago, the chamber of commerce will emphasize the year-around activities offered by the lake area. The folder, which will be descriptive in nature and which will contain illustrative pictures, has a tentative release date early in February.

Lake Tahoe Ski Club Names New Officer, Enjoys Movie Program

TAHOE CITY—Preparing for an active winter season, the Lake Tahoe Ski Club, at the weekly meeting last Friday, began filling the vacancies on its board of directors. Nominated for the office of general director are James Baker and Richard Carnell. Election by active members will be held at the general meeting Friday, November 25. R. R. Gilbert was elected to the office of second vice president.

Work on the club's Olympic Hill, postponed last week because of ground and weather conditions, will be initiated as soon as conditions permit.

With completion of the business meeting, the members enjoyed movies projected by Glenn Jackson. Two Walt Disney cartoons and a color movie on strategic materials in Central America were shown. Coffee, chocolate and cake followed the movies.

Proceeding the meeting Friday, November 25, will be a meeting of the board of directors to discuss proposed expenditures. All board members are requested to be present at 7:30.

Tahoe Area Justices Collect \$2780 in Fines

AUBURN—A survey of Placer County records by Harry Straine, Sacramento auditor, reveal that the ten justice courts of the county have collected \$59,241.40 in fees and fines this year compared with \$63,014.50 for the previous year. Judge C. W. Vernon of Tahoe City accounted for \$2,245.50 and Judge Clarke Allen, Kings Beach, \$535.

Tahoe Lake School

Sharon Shaffer, Grade 4, has been transferred to Reno. Susan and Mary Ann Murphy have moved to Dixon. Joanne Noll has taken a transfer to Redding. Laurie and Stephen Hatch and Niels Nielsen are now attending the Truckee school.

The school cafeteria is serving an average of 55 hot lunches daily. The enrollment in Tahoe Lake School is now 89.

Mrs. Dorothy O'Brien's 2nd and 3rd graders have moved into Mrs. Johanson's room.

November 14 there was a meeting of the student council. Jerry Quam presided. It was decided that school could fill seven boxes for the Junior Red Cross. Arvell Hanson, Junior Red Cross chairman, reported \$2 has been spent for membership dues and that Laurie Hatch had made a contribution of \$2.15. There was then a balance of \$8.88 in the Junior Red Cross fund.

General assemblies are held every Tuesday at 2 p.m. Everybody is invited to attend. On November 22 the program had a Thanksgiving theme. At the November 8 assembly a play, "Episode in the Life of Grieg, Composer", was presented. Carol Wilson played the part of Grieg.

The upper grades had a culmination of their study of aviation in an excursion to the Reno airport. Mrs. Jake Stuart, Mrs. P. J. Gallinger and Mr. Benson Benjamin provided transportation. The upper grades are now going around the world through books. The continent studied last week was Antarctica.

The Tahoe Chatter cover for November 15 has a picture of mallard ducks made by Phillip Ebe. Donald Stark's editorial explains the danger of having pets on the school grounds during the school day.

Book Week was observed in all classrooms. Clayton Frey exhibited a book, "The Busy Doll Seamstress", that is from Germany and has been in his family for at least seven generations.

Rosetta Bosen and her family recently visited relatives in Yuba City.

Billy Vander Laan, chairman of the popcorn ball sale committee, has ordered the popcorn. The committee is making the popcorn balls and they will be on sale during the noon hour. Proceeds will be placed in the Tahoe Citizenship Club fund.

Mrs. Benson Benjamin has pre-

sented the school with an album of "Peter and the Wolf" by Serge Prokofieff.

Virginia and Jack Shults are now enrolled in Tahoe Lake. They were transferred from Los Angeles.

The intermediate grades under the direction of committee chairman Douglas Wilson worked up a wall exhibit of crayon drawings on the topic "Our Forests." Contributors included Ronald and Richard Brown on "Forest Fires"; Belda Bosen, Robert Huega and Leif Nielsen on "The Sierra Types"; Linda Frodenberg and Bruce Benjamin on "Logging" and "Floods".

Names recently appearing on the visitors' record are Mrs. S. Fritsch, Beverly Hills; Mrs. E. A. Humburg, Marie F. Henry, Mrs. M. H. Spitsen, all of Tahoe City; Mr. and Mrs. Ivan Wilson,

Placer County Dog Tags Are Available at All Justice of Peace Offices

TAHOE CITY—Applications for dog license tags, in compliance with the recent Placer County ordinance, may be obtained at any justice of the peace office in the county without penalty until December 31 for \$2.

In correction of an earlier report, owners of kennels with five or more dogs will pay \$5, not \$10 as stated, until December 31. After that date, the charge for kennel licenses will be \$10.

Dog owners must retain their fee receipts until they receive the tags which will be mailed when ready.

Mrs. F. Johnson and Mrs. J. E. Brown, all of Lake Forest.

Oil helps grow food for you...in Hawaii

Beyond the Islands' coral beaches, behind their blue, cliff-sharp hills, lie some of the most efficiently mechanized farming areas in all the world.

The pineapple you eat and much of the sugar you serve are grown, not in palm-shaded tropical valleys, but on broad fields of rich, red soil... contour plowed, expertly cultivated, carefully harvested.

And in all these jobs, oil plays a major part.

Oil powers plows and cultivators; petroleum emulsions control weeds in fields of young cane and pineapple plants; at harvest time, huge Diesel machines rake and load 130 tons of cane an hour, and ripe pineapples are gathered on conveyor belts. Trucks and barges speed the harvest to canneries and mills.

Supplying the oil Hawaii needs has been

Standard of California's job ever since kerosene lamps burned in Honolulu's light-house. Today, this service has spread to all the Islands... provides millions of gallons of petroleum products every year... helps insure better living for the Islanders and better food for you.

**STANDARD OIL COMPANY
OF CALIFORNIA**
plans ahead to serve you better

Truckee Elementary SCHOOL NEWS

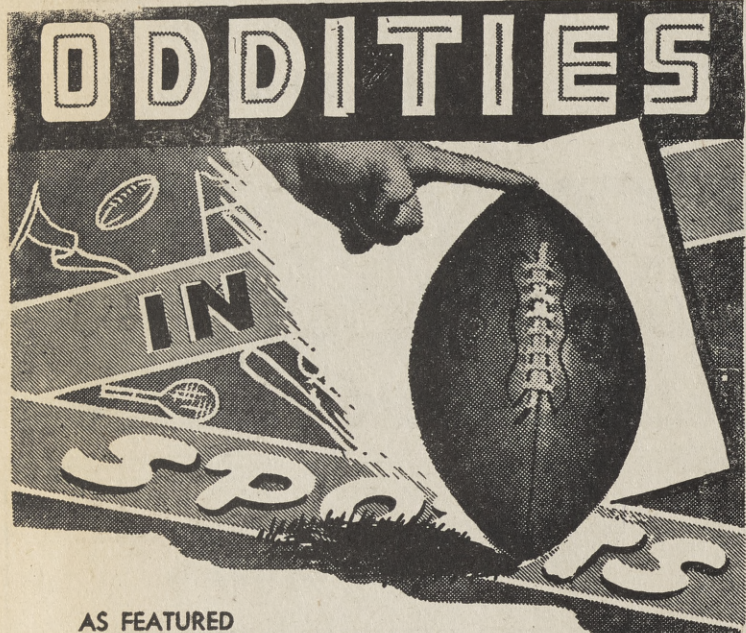

TO GOD, MY THANKS
—by Joan Ward
I give my thanks to you, dear God.
I thank you for the food I eat,
And for the shoes upon my feet.
I thank you for my mom and dad,
A gift that some kids do not have.
My little dog, Red, the horse
I adore
Are two more things I thank
You for.
And for my friends who are
so dear,
For all who help thru'out the year.
I thank you for the flowers
and bees,
The wind that blows through
all the trees.

With all my memories ever
so clear,
These thoughts bring Thanks-
giving cheer.
I thank you for the right to
speak and pray,
And this, dear God, is what I say:
I feel so glad I want to sing,
I thank you, God, for everything.

THANKSGIVING PROGRAM
—by Mary Ann Tonini
On November 16th, the 7th and
8th grades gave a Thanksgiving
program. There were compositions
read, poems and a story. Those
reading compositions were Irene
Goicoa, Ernest Towler and Mary
Ann Tonini. Those reciting poems
were Ginger Reynolds, Roberta

Peden and Sharon Pace. The story
was based on "The Courtship of
Miles Standish" and was given
by Lois Grey, Duane Knight, Joan
Ward, Jimmy Purcell and Ray-
mond Dixon. The chairman of
the program was Alberta Cooper.
WORK ADOBE
—by Louie Rameriz
The 3rd and 4th grades in Mrs.
Gage's room are making adobe
bricks and forms for the Missions
of Spanish California. The pupils
working on the project are Dennis
Reisinger, Floyd Cooper, Anthony
Wilson and Ray Roberts Jr.
FIRST GRADE PLAY
—by Ginger Reynolds
Last Thursday Mrs. Brown's 1st
grade had a play, "Goldilocks
and the Three Bears." Father
Bear was Timothy Riden, Mother
Bear was Maryann Faulkner,
Baby Bear was Cynthia Reynolds
and Goldilocks was Donna
Barnes. They have had other
plays such as "The Three Pigs"
and "Billy Goat Gruff."

CLASS CLUB
—by Roberta Peden
The 7th and 8th graders in the
Truckee Elementary School held
an election Friday for officers
for their new club. The officers
that were elected are Margaret
Blue, president; Lois Grey, vice
president; Ruth Osburn, secre-
tary; Alberta Cooper, treasurer;
David Peterson, sergeant at arms.
The club is called The Truckee
Tigers. The children hope their
club will be a big success.
LIBRARY MONITORS
—by Sharon Pace
Mrs. Borneman's room, the 2nd
and 3rd grades, have elected
monitors for the library. They
elect new monitors every week.
This week the monitors are Mary
Jane Thomas, Natalie Crespo,
Frank Cadjew and Errol Kehm.
NEW STUDENTS
—by Ruth Osburn
The Truckee Grammar School
is happy to welcome six new
students. These are Steven Hatch
from Tahoe City in the 1st grade,
Laurie Hatch from Tahoe City in
the 2nd grade, Leon Tucker from
Antioch in the 3rd grade, Anita
Diaz from Donner Summit in the
3rd grade, Troy Tucker from
Antioch in the 6th grade and
Margaret Blue from Fresno in the
8th grade.
THANK NEWSPAPER
—by Lois Grey
The children of the Truckee
Elementary School would like to
thank the Truckee newspaper,
"Sierra Sun", for publishing the
articles which they have sent in.

AS FEATURED
ON HARRAH'S SPOTLIGHT
MONDAY THRU FRIDAY—10:15 P. M.
KOLO—920 ON YOUR DIAL

Frankly, this is a story about a guy named Frank... a kid out of a small town in North Dakota named Winner. No doubt you'll say "Winner" is a strange name for a town, but then it seems only appropriate that Frank should have come from this place, for truly he has been a winner.

It all started in Winner some years ago when Frank's father, who had been a wrestler in his time, insisted that his son should become a professional prizefighter. Frank wasn't of a mind to enter this rough profession, but his dad was insistent.

So in time Frank, who worked hard and trained diligently, entered the ring for his first fight. He was nervous as all beginners are in all fields of endeavor, and, naturally, could not do his best from the start.

In the first round he was severely battered and there were moments when Frank felt he had made a painful mistake. It was the same in the second round. Blood flowed from his nose, one eye was closed and the other was blackened. His arms were weary and his body was a Picasso of welts. He was a sight to behold, a living example of walking misery.

But Frank was a courageous lad. He was only 17 and he was full of ambition of youth and the inexperience of defeat. He wanted none of this, pained as he was. He fought back, and in fighting back, he overcame the handicap of inexperience. He managed to knock out his tormentor in the third round. Frank had scored a knockout in his first professional fight.

You would gather from this, of course, that Frank went on with his professional career... that he became a great champion and, naturally, a man known to all the world for his fistic prowess. It didn't happen that way.

Frank abandoned his fight career after just one start... a fight in which he fought back against the odds and registered a knockout.

As the years passed, Frank forgot all about his one night as a professional prizefighter. Instead, he took up another form of athletic endeavor, one in which body contact was a factor, but not as wearing as in the prize ring. But luck seemed against him, even in this new sport. He was injured and couldn't follow through to become a star.

From all this you would gather that the fellow named Frank, who had one fight as a professional and then quit the prize ring to take up another sport, would be forgotten by now... a man living in the memory of one night of triumph.

But it hasn't worked out that way... not that way at all. You see, the kid from Winner, North Dakota, who had one professional prize fight and then suffered an injury when he became a football player at Notre Dame has gained everlasting fame as America's greatest football coach... You know him as the successful coach of the NOTRE DAME FOOTBALL TEAM, FRANK LEAHY!

You will be needing more and better lighting during the next few months as days are shorter and darkness comes much earlier. Then too, with wintry cold and rain "weathering you in," you will be putting your eyes to work catching up on reading, sewing or mending. So be good to your eyes, and light up your home. * * Tonight look around your house. Check up on the lighting. If a new lamp or two are needed, put them to work now. If lamp bulbs are dimmed or darkened with age and use, replace them with bright new bulbs of proper size. * * Good lighting is inexpensive. Use Better Light to make your home more cheerful as well as more comforting to your eyes.

Woman Candidate Raps Senator for Stand on Central Valley Project

SACRAMENTO —(W. N. S.)— The manner in which California develops its water and power will determine the future standards of living in this state, according to Congresswoman Helen Gahagan Douglas.
Mrs. Douglas, here in behalf of her candidacy for the United States Senate against Senator Sheridan Downey, a fellow Democrat, said the basic point of difference between herself and the senator is the development of the state according to principles laid down in the reclamation law.
She said Senator Downey's record shows he has fought the whole Central Valley development program.
Likening her campaign to that made by Hiram Johnson when he challenged the power of the railroads, Mrs. Douglas said she is opposing those forces which would have a monopoly of land and water continued.
Other points which she said will be part of her platform are the support of the federal government in its fight to control the tidelands, increased old age assistance and federal aid for the public schools.

Federal Aid Is Needed To Fill California's Highway Deficiencies

SACRAMENTO —(W. N. S.)— Borrowing of federal funds to speed up construction of modern California highways was advocated here by Clyde Edmondson, president of the Redwood Empire Association.
He told the state highway commission here his organization will urge state legislation to enable the state to secure between \$1 and \$2 billion of federal funds at low interest rates to be repaid by state gas tax funds.
"This is the amount which has been stated to represent the highway deficiencies of the state," Edmondson declared. "We are presently realizing only about \$76 millions per year from gas tax revenues. At that rate when will we ever catch up with our highway construction program."
Pointing out that the state's population is constantly increasing the association leader said unless such a method of financing highway construction is adopted the state will never have adequate highways.
Edmondson said the state is in need of 14,000 miles of highway

improvements.
"I have discussed this matter with the Associated General Contractors who have assured us that the contractors can keep up with the engineers."
Previously, Edward A. Kenney, director of the Golden Gate bridge, told the commission that despite the predictions the state would have funds in excess of the amounts which could be spent after the Collier-Burns highway tax increase was voted, he now understands the engineers have plans five years ahead of the revenues.
Edmondson suggested state legislation could provide for the borrowing of funds from the federal government as needed up to the \$2 billion mark.
He said in addition to state legislation, action by congress might also be required.
"But if we can put this plan through it will speed up the highway construction program by years and enable California to catch up with its highway needs."

Tahoe Truckee High Students Attend Session for Leadership

by MARY BOYCE
On Saturday, November 19, Norman Dewhurst, principal, chaperoned six representatives from Tahoe Truckee High School to the Sierra YMCA Leaders' Conference in Portola. The representatives, Lois Horsley, Mary Boyce, Dick Loynd, Ned Stuart, Mike O'Rourke and Simon Dominguez, participated in the morning program by presenting a panel discussion on recreation.
The program was arranged as follows:
Theme: Youth Leads the Way.
9:30-10: Registration.
10-11: General Assembly.
11-11:30: Address by Dr. Paul Jensen of the University of Nevada.
11:30-12:30: Discussion Groups.
12:30-1:30: Lunch.
1:30-2: General Assembly.
2-3: Discussion Groups.
3-4: General Assembly.
4-6: Recreation.
6-8: Dinner.
8-10: Dance.
The Discussion Groups presented by visiting schools were as follows:
Morning—
Greenville, Student Government.
Westwood, Awakening the Public as to School Needs and Problems.
Lassen, Youth on the Highway.
Tahoe Truckee, Recreation.
Afternoon—
Reno, Your Future in Vocation and Education.
Quincy, Racial Prejudice in and out of School.
Loyalton, School Spirit.
The Conference was held in the Portola Junior-Senior High School with lunch and dinner being served in a nearby church.
The Tahoe Truckee panel discussed the following phases of recreation: Mary Boyce and Simon Dominguez, hobbies; Ned Stuart and Mike O'Rourke, sports; Lois Horsley and Dick Loynd, youth centers.
A profitable and enjoyable time was had by all concerned.
In the Mountain and Pacific States, 60 to 70 per cent of the crop production comes from irrigated lands.

Water Fowl Situation Viewed as Critical, To Be Aired Dec. 1st

SAN FRANCISCO— "Virtual oblivion" is the fate of California's great waterfowl populations unless a proposed \$4,000,000 management plan of the Wildlife Conservation Board is approved immediately, according to Seth Gordon, board consultant.

In a prepared statement announcing a public meeting on the question to be held in Sacramento December 1, the former executive director of the Pennsylvania Game Commission said waterfowl conditions in California "are at a very critical point."

The meeting will attempt to iron out differences between land owners in the Sacramento Valley and representatives of three governmental agencies which have recommended purchase of key management areas for proposed refuges and shooting grounds. Funds are available from the board's \$9,000,000 share of state horse racing proceeds.

Seth Millington, Gridley attorney, heading the opposition, told the three-man board and its six legislative advisors at their last meeting that "we are going to have ducks or farming in the valley, but not both." He opposed acquisition of additional management areas because of a feared increase in crop depredations.

Gordon reported the board's program will reduce and control crop raids by providing suitable habitat and furnishing feeding areas to which birds can be herded from private croplands. Duck and goose food similar to crops grown on local ranches will be planted on state and federal areas.

"Herdling will continue to be necessary," Gordon stated, "but it will be easier, cheaper, and more effective when nearby adequate and properly located feeding and resting areas are provided to which the birds can be driven."

"The validity of this assertion has clearly been demonstrated at the small feeding areas already operating."

7,000-Mile Breadline

If the bakers of this country laid all the bread they produce end to end they would find they are turning out loaves at the rate of 7,000 miles per day, according to the American Bakers association. In one year they produce enough loaves to reach from the earth to the moon 11 times, or to reach around the earth at the equator 102 times!

Disabled War Veterans To Get Increase For Dependency Allowance

Veterans' Administration reports that veterans with service-connected disabilities rated 50 to 60 per cent and who have one or more dependants will receive additional allowances for their dependents by virtue of a recently enacted law.

Previously only veterans rated 60 per cent and up were entitled to dependency allowances. The group rated 50 to 60 per cent was made eligible under a new law effective December 1.

Monthly additional amounts for veterans disabled in war time, based on 100 per cent disability, are: wife alone \$21; wife and one child \$35; wife and two children \$45.50; wife and three or more children \$56; one child (no wife)

\$14; two children \$24.50; three or more children \$35; one dependent parent \$17.50 and two dependent parents \$35.

Of these amounts, the veteran receives the percentage his disability rating bears to the total. A veteran with 50 per cent rating, for example, would receive half the above rates.

In order to qualify for dependency allowances, the veteran must submit the usual proof of relationship, such as marriage and birth records. Where his dependents are on record with VA December 1, 1949 and the necessary evidence of relationship and dependency is furnished within five months from that date, the effective date will be the date the evidence is received.

INSPECTS JET—Father Gerard, of the Franciscan Order, peers into the cockpit of an F-80 jet fighter while Chaplain R. Cowie, 62nd Fighter Wing, California Air National Guard, explains the equipment of the new plane. Churchmen were among the throng of civilian visitors at the annual Guard encampment at Victorville (Calif.) Air Force Base.

Nevadans Warned On Use of Water Supply

CARSON CITY—H. P. Peterson of the United States Geological Survey urges Nevadans to make better use of their mountain streams in an address before the fourth Nevada water conference on November 21.

He declared the raising of more hay and grain would give a more substantial aspect to the livestock industry by providing additional feed necessary over periods of serious drought or severe winters.

Colonel Joseph Gorlinski of Sacramento, representative of the Army corps of engineers, told of plans for upstream storage on the Truckee, Carson and Humboldt Rivers.

C. B. Jacobsen of the bureau of land management's region four in Salt Lake City painted a gloomy future of Nevada's water reserves declaring if precipitation is light during the coming winter months most of Nevada will be faced with an extremely low water supply in 1950.

Approximately 90 state and federal delegates were present at the meeting. It was pointed out four major reservoirs in Nevada have only a total usable, or live, water storage capacity of 190,000 acre feet. Last year the total of such storage was 406,000 acre feet.

Mr. and Mrs. Reg Smart are visiting in San Francisco this week.

Holiday in Capital—

Mr. and Mrs. A. P. Leitch went to Sacramento yesterday to spend Thanksgiving with relatives.

Holiday in Stockton—

Mr. and Mrs. Glenn Coffey and children Nona Rae and Jack are spending Thanksgiving in Stockton.

Kydd New Distributor For Associated Co.

C. W. Kydd has taken over the Tidewater Associated dealership here, relieving F. Miles Horne, who held the agency for the past two years. Horne is continuing with his Tahoe mail hauling contract. Kydd formerly was associated with Horne in the Associated distributing and is familiar with the work.

Truckee's Leading Electrical Appliance Dealers

Hedlunds Welcome Daughter Tuesday

Mr. and Mrs. Kenneth Hedlund of Truckee are the parents of a baby girl, born Tuesday morning, November 20, in Reno. The little girl weighed 7 pounds 4 ounces at birth and has been named Karen Christine.

Finds Hunting Good—

A. R. Ghirard, who has been on vacation from his job at Donner with the SP, has been spending much of his time hunting in the valley and reports excellent results.

Leave Tahoe City—

The William Mayhew family of Tahoe City has returned to Oakland, expecting to return to the lake early next season.

Man in the Moon

As far as the scientists are concerned, the Man in the Moon is The little man who isn't there." There is no air or water or living thing on the moon. It hasn't any light of its own and shines by reflected light from the sun. Compared to other heavenly bodies, the moon is only a hop, skip and jump away from the earth. It would take an airplane traveling 200 miles per hour only 50 days to traverse the 40,000 miles from the earth to the moon.

Better Rail Service

Railroads since the end of World War II have spent more than two and a half billion dollars for new freight cars and locomotives and other improvements in order to provide better service.
